

SADDHARMAPUNÐARĪKASŪTRA XV VERSES 1-15

The verses 1-10 of Chapter XV of the Saddharmapunḍarīkasūtra (Tathāgatāyusṣramāṇa-parivartaḥ) relate that the Tathāgata Śākyamuni exists in this world from many aeons ago to the eternal future and constantly expounds the *Dharma* on the Gṛdhrakūṭa in order to save people. This paper aims to transliterate into Roman letters the texts of these verses as they appear in the Nepalese mss. as faithfully as possible and to clarify the characteristics of these texts.

The text of these verses in Kern-Nanjio's edition is based on the 4 mss., i.e. Cb, A, K, W; O is not used because this portion of O was scattered and lost; B is also not used, for a large portion of the text between folios 125-126 (Kn 319.6-350.3) is left out.

By comparing the texts presented, they are classified in 8 groups: (1) C5, C6; (2) T2, K, Pl, P2; (3) C4, N1, Pe; (4) P3, C1, C2; (5) N2, T6, A1; (6) R, T4, T5, T9, A3; (7) T8; (8) StP.

In XV-10d (Kn 324.12), there are peculiar instances of the ablative case of *anyāsu śayyāsana-koṭibhiś ca.* (cf. BHSG 7.32.). The variant readings of *-koṭiṣū* or *-koṭisū* (C6) appear in C5, 6, T6, N2, A1.

I am indebted to Mr. Noriyoshi Mizufune, research fellow at the Institute of Oriental Philosophy, Tokyo, who provided a great deal of assistance in completing this paper. Without his earnest commitment, this paper could never have been completed.

The following symbols are used for textual readings:

( ) indicates that this part is damaged, illegible or omitted in the manuscript.

[ ] indicates that this part is to be deleted from a critical edition.

\* indicates a *virāma*, e.g. m\* and t\*.

! indicates sic.

Italics indicate keywords by which manuscripts can be classified into groups.
